PROVIDE FIRST AID (HLTAID011)

About us

Join us at Assist Ability Academy and gain the confidence to provide first aid within your duty of care. Our experienced trainers specialise in NDIS, healthcare, aged care, and support services, ensuring practical training that matches your level of knowledge and skills.

Our courses focus on real-life response situations to help you act quickly and effectively. We offer public courses as well as private business-to-business training solutions.

Description

Learn the skills and knowledge required to provide a first aid response to a casualty in line with the guidelines set by the Australian Resuscitation Council (ARC) and other national

peak clinical bodies. This course is suitable for individuals who may be required to provide first aid in a wide range of situations.

What you will learn:

Discover how to respond to an emergency situation where first aid is required, including assisting with adrenaline auto-injectors, AED use, bronchodilators and spacer devices, applying wound dressings, and using the correct PPE.

- Managing a first aid emergency
- Recognition and management of an unconscious person
- Applying DRSABCD under the duty of care

📍 Unit 1, 49 Mcarthurs Road, Altona North

Entry & Requirements

There are no national entry requirements for this course. Participants must complete a Language, Literacy, Numeracy and Digital (LLND) skills assessment to finalise their enrolment.

Students must complete their theory modules through the student portal and finish the pre-assessment activities before attending the face-to-face practical session. Participants must also have a device with internet access, minimum 8GB RAM, microphone, and speakers to complete the online components.

Students will be required to physically get on the floor to perform CPR compressions, which involves bending the knees and back to perform chest compressions.

Conditions & Renewal

Recognition of Prior Learning (RPL) and Credit Transfer (CT) are not available for this unit of competency due to refresher requirement guidelines. This course is recommended to be renewed every three (3) years in line with the Australian Resuscitation Council (ARC).

Delivery Method

This course is delivered in a blended format, combining 12 hours of structured, self-directed online theory with face-to-face practical training.

Certification

Students who successfully achieve competency will receive an NRT, Statement of Attainment for the unit of competency:

- HLTAID011 Provide First Aid

Terms and Conditions

Access the full terms and conditions of enrolment with Assist Ability Academy in our Policies, Procedures and Student Handbook online or call us for a one-on-one consultation.
